\* Graduating A+ Seniors must meet one of the ACT math score/high school GPA in accordance with the following scale if they do not score proficient or advanced on the Algebra I or a higher level math end-of-course exam (EOC).

| ACT Math/High School GPA Scale |     |                 |
|--------------------------------|-----|-----------------|
| ACT Math Score                 |     | High School GPA |
| 17                             | and | 2.5 or greater  |
| 16                             | and | 2.8 or greater  |
| 15                             | and | 3.0 or greater  |

2018 High School Seniors and Forward - If you meet all of the eligibility requirements except the end of course exam requirement, you may establish eligibility by achieving a combined ACT math subscore and high school GPA in accordance with the following scale. You may achieve the qualifying score as a high school or postsecondary student. If you achieve the score as a postsecondary student you may be eligible for an award in the same term that you take the test.
